

LENOX® Adds Armor® VP™ Band Saw Blade To Product Line

New Blade Offers Increased Productivity*

EAST LONGMEADOW, MA [April 2020] – [LENOX®](#) continues to advance its range of industrial products with the introduction of the new *Armor® VP™* band saw blade. The *Armor® VP™* is ideal for the customer who is looking for high cutting rates and long blade life across a wide range of materials.

The *Armor® VP™* band saw blade was designed for customers who need to cut faster in order to meet their demands. Key industries and customers include steel service centers and metal manufacturers within the aerospace, oil & gas and defense industries. *Armor®* blades by [LENOX®](#) were first introduced to the market in 2005, and the company has continued to make innovative enhancements to the product line over the years. The *Armor® VP™* band saw blade is the latest enhancement that will allow [LENOX®](#) to re-establish a firm hold in product performance leadership.

The *Armor® VP™* band saw blade boasts extreme cutting rates in a wide range of materials. A few of the important benefits of the blade include:

- **Faster cutting increases productivity*:** State-of-the-Art Coating Technology enables an enhanced AlTiN (Aluminum, Titanium and Nitrogen) ARMOR coating to protect the blade's teeth from heat, allowing for faster cutting rates and increased productivity*.
- **Consistently long blade life:** An advanced grade of carbide that is honed with HONEX Technology limits tooth wear, enabling long blade life consistently, blade after blade.
- **Quick cuts on a wide range of metals:** *Armor® VP™* can handle a wide range of materials at high cutting rates*, allowing users to limit blade changes and increase their productivity.

"The *Armor® VP™* band saw blade has performed extremely well with our customers, allowing them to increase their productivity*," commented Dan Fernandes, Senior Product Manager. "At [LENOX®](#), we are committed to understanding the needs of our customers and designing innovative tools that help them to be more efficient in their everyday tasks."

[LENOX® Armor® VP™](#) Blades can be purchased at [LENOX](#) distributors nationwide. To locate a distributor near you, please visit www.lenoxtools.com/FindRetailer/FindDistributor.aspx.

*vs. non-coated carbide blades
